

Go to <http://run4.keytrain.com/main/login.asp> and you will see:

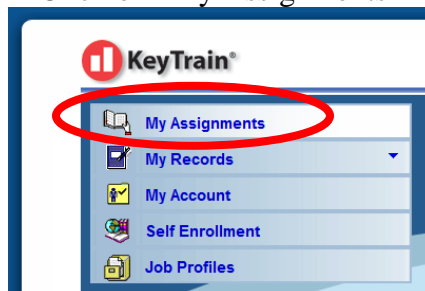

You username is LWW followed by your ID number. Your password is your regular school password.

For example:

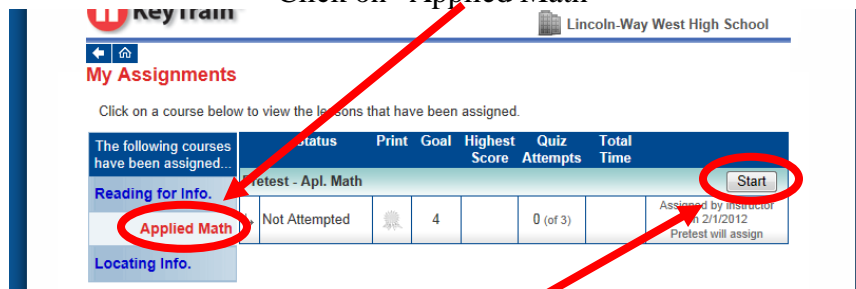

Username: LWW980409

Password: ABCXYZ

Click on “My Assignments”

Click on “Applied Math”

Then click the “Start” button.

If this is your first time through, you will have to take the pretest. Take this test seriously because it can exempt you from lessons/tests for certain levels. Different classes/grades will be required to complete different levels of the practice tests (Freshmen/Algebra 1 – Levels 3 and 4). If you do not pass all the levels you are assigned to complete, you will have to take tests/complete lessons for those that you are required to complete.
